

Special Report – A New Way to A New Beginning

Have you tried and struggled to make some extra income online?

Do you believe that the internet truly does hold some amazing potential to change lives?

If so, you must read this and put away your credit card because this is FREE to join and participate.

A New Way to A New Beginning is all about starting to realise the potential the internet has for you.

Let me give you the most compelling evidence about the potential of the internet.

How much do you think the search engines are worth; something in the billions of dollars and what do they have – an active user group. That is you and me and that is it.

Do you realise how much others are making from you as an internet user?

Do you think that being part of an active user group where you share in part of the cash may be worth it?

That is a lot of questions with no answers.

Here is the offer we have for you

The offer we are making to you is to eliminate the biggest problem the need to get referrals and keep them active.

A New Way to A New Beginning

Have you ever heard this quote by Andrew Carnegie:

"I'd rather have 1% of 100 peoples efforts than 100% of my own"

This is what A New Way to A New Beginning is about.

What is being offered to you is a program, with GlobalTeamsDirect, that effectively puts the whole membership base of GlobalTeamsDirect in your downline. You can earn a small percentage of every other member's efforts; plus you earn from your own direct efforts – the 1%.

It is very simple in concept, to do and to start earning. It will take some time for the program to build momentum, but it will happen and there is a lot more earning opportunities to come.

Here are some statistics about the internet at January 2008.

The number of "get rich" results from a Google search 11,700,000

The number of internet users worldwide 6,606.970,166

Potential internet users for each "get rich" scheme 564

In January 2007 although there was less internet users, the number of get rich schemes per user was 568.

Sounds so simple just sign up for one of those programs and sign up 564 people.

Does all this sound familiar? If it does and you think "ugh, not again" then read on.

How does this work?

The concept of referral programs is sign up and get referrals and you share a small part of the earnings that your downline makes.

The beauty of A New Way to A New Beginning is that it eliminates the need to get referrals in your downline. In effect, every member is in everyone else's downline.

The program works as follows:

1. GlobalTeamsDirect joins a referral program
2. GlobalTeamsDirect members join the program as a GlobalTeamsDirect referral
3. GlobalTeamsDirect allocates a high percentage of its earnings to the Bonus Pool
4. At the end of each month the Bonus Pool is divided by the total number of points in the member's accounts and the points are given a money value that can be converted to cash
5. A percentage of the advertising revenue for each ad campaign that is run on the GlobalTeamsDirect website is also allocated to the Bonus Pool that increases the cash value for points earned.

How do I earn points?

To earn points each advertiser that runs ad campaigns on the GlobalTeamsDirect website receives a 2 for 1 offer. If they run a campaign for, say, 500 exposures they also receive another 500 exposures. Members are paid cash or points for viewing the ads. For the first 500 members are paid in cash and for the second 500 members receive points that can be redeemed.

How much will the points be worth?

That will vary from month to month depending on the amount of points in the member's accounts and the amount of cash in the Bonus Pool.

Why do it this way?

There are several advantages of doing it this way and not the “traditional” way.

1. Programs come and programs go, if a program you belong to disappears then so do your earnings and your downline that you have worked so hard to build
2. You now have only one URL to promote
3. As traffic builds so do the earnings of the site and the opportunities for you to earn more
4. You no longer need to search for referrals every time you join a new program
5. Your online efforts should take less time and the results are much better.

When GlobalTeamsDirect was started we made a bold claim “The most unique rewards program to hit planet earth – you will not find a site that offers more than this one does”. GlobalTeamsDirect has no intention of becoming another paid to surf, paid to click or paid to read site.

There are much bigger programs that we are working on and these are what will power your earnings. A New Way to A New Beginning is just the start.

A new way for pay-per-click programs

GlobalTeamsDirect is going to share a large percentage of its referral income with its members through the Bonus Pool. Rather than the traditional way of someone joining a program and getting referrals through traffic exchanges, paid ads, posting in forums and the like. Does that sound familiar?

Now consider this as the biggest advantage – how much time will you save. You might still have ads to click each day but no longer will you need to look at new programs and get referrals as all this has been done for you. Also you will not be doing the constant battle of keeping your referrals active. There is no need to do that process over and over again.

The programs and referrals already exist on the GlobalTeamsDirect website.

Compare these three scenarios:

1. If you click 10 ads per day at 1-cent each you will earn \$36-50 per year or \$3-04 per month directly from your own efforts.
2. If you have the average referrals in a program which is 2.3 referrals you will earn \$84-00 per year or \$7-00 per month – assuming they click 10 ads per day and you receive 1-cent per click for your referrals.
3. In the GlobalTeamsDirect program, using the same scenario above, you will still receive \$36-50 for your own efforts but your share of the Bonus Pool income would be \$27-38. Your income for the year would be \$63-88.

The GlobalTeamsDirect program A New Way to a New Beginning is a mezzanine program. It sits between you earning only from your own efforts and you earning from your own and your referrals efforts. Nothing will beat you joining a program and getting your own referrals and this program doesn't pretend that it will.

The effort on your part will be exactly the same each day, but with no more having to get referrals and keeping them active and the best part is that it doesn't matter what programs you (or we) belong to or which referrals are active the earnings will continue.

What do I do next?

There will be emails sent out with the title A New Way A New Beginning with links to the programs that GlobalTeamsDirect belongs to. The programs are also in the Paid to Click area of your members back office.

The biggest advantage of joining a program like this is that you can earn some cash from your direct efforts and have the rest of the day to yourself, knowing that there are others doing the same thing and earning you cash.

No need to search for programs and search for referrals.

Simply sign up for the programs in the emails (or from the Paid to Click area of your members back office) and do whatever needs to be done, read, click, search, post or whatever.
